Christy-

Per Butch Bryant, the Kia was towed from the scene by Cedar Bluff Towing. On 2/8/16 Chief Henderson released the hold and the vehicle was claimed by IAA on 2/16/16. Per Butch, it appears that there was no pull in report created, which has been the source of confusion on their end. Please contact me at your earliest convenience if you have any other questions or concerns. Thanks!

Sincerely,

Greg Eshbaugh
